Bonae Spei - Associação Cultural hosted on 25.01.2022 and 26.01.2022 the Kick-off Meeting of the cooperation partnership in the field of youth education “And what NEXT? Future Professional Paths for Volunteers”, funded by the European Union through the Erasmus+ programme.

During these 2 days, 2 members of each of the partner organizations from Lithuania (Efektas Group), Romania (Do Great Things Association) and Spain (Arrabal-Aid Association) were in Figueira da Foz in the first Transnational Partners Meeting of this project.

Kick-off Meeting

The meeting served the purpose for the partners to get to know the reality of Figueira, the work of Bonae Spei and the situation in terms of European volunteering and integration in the labour market. The partners have discussed and planned all the activities of the project, which will lead to the achievement of two project results meant to give value to volunteering and to create a solid network among all the actors involved in the labour market, in order to foster youth employment.
