

NEXT

VOLUNTEERING PATHS LEADING TO
SUCCESSFUL CAREERS

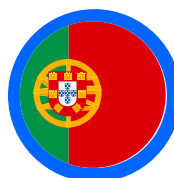

About the project

NEXT aims to create a bridge between volunteering and employment. By creating a common virtual space where volunteers, organisations and companies can share their experiences and opportunities.

Objectives

- Create an interactive Career Mapping Platform
- Foster cross-sector collaboration
- Enhance soft skills and employability
- Promote ESC volunteering and active citizenship
- Empower youth workers and organisations

Partners

Bonae Spei

Efektas Group

D.G.T.

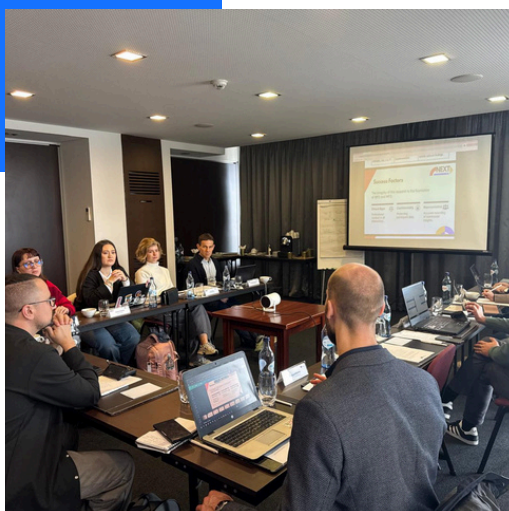

Arrabal-Aid

Scambi Europei

The Kick-off Meeting (KoM) of the NEXT 2.0 project was held on 23rd January in Figueira da Foz, Portugal, hosted by Bonae Spei. The meeting brought together all partners to officially launch the project, align on its objectives, and strengthen the foundations for effective cooperation.

During the session, partners discussed the project structure, work packages, timelines, and responsibilities, ensuring a clear and coordinated approach to implementation. Key priorities included quality management, impactful results, and innovative methodologies to address the project's goals.

Kick-off Meeting

Beyond the technical discussions, the KoM fostered a spirit of cooperation and mutual understanding among partners, essential for the success of a transnational project. The meeting concluded with the definition of next steps and upcoming milestones, ensuring a smooth start to the project's activities. With a strong partnership and a clear roadmap ahead, NEXT 2.0 is well-positioned to deliver meaningful results and create lasting impact at both local and European levels.
